

MODEL NO.: DE-1A

Oxygen generator

PRODUCT FEATURES

- ◆ Sleep function design for supplement oxygen.
- ◆ Save power mode, economical and practical.
- ◆ A row of button for elderly remote control and free to operate in dark.
- ◆ High-frequency negative ion transmitter for clearly supplement oxygen.

PORTABLE HANDLE

STAINLESS (OXYGEN)
OUTLET MOUTH

SEPARATED
POWER CORD PLUG

18m remote control

SPECIFICATION:

| | |
|--------------------------|---|
| Oxygen concentration | 30%-90%(±3%) |
| Model | DE-1A |
| Display control | HD LCD touch screen |
| Rated voltage | AC 220V ±22V / 110V |
| Control distance | 18 meters infrared remote control |
| Net weight | 6.5kg |
| Operating noise | ≤45dB(A) |
| Oxygen generation method | Pressure Swing Adsorption(PSA) |
| Size | 340mm x 180mm x 310mm |
| Inhalation method | Ear hanging oxygen, Nose suction (earhook oxygen inhaler, nasal cannula) |
| Oxygen output | 1-7L/min adjustable |
| Max oxygen flow rate | 7L/min |
| Rated power | 120VA |
| Negative ion function | The use of high-frequency negative ion transmitter |
| Certificate: | CE |
